

E-Commerce Module

E-Commerce Module Overview

» **Accept Online Payments**

Allow your clients to search, select and pay for activity enrolments, facility rentals, memberships, goods and services, through a simple online interface.

» **Internet Merchant Accounts**

Simple process for setting up new Internet Merchant Accounts or integrate your existing Internet Merchant Account. No security deposits or projected yearly revenue statements required.

» **Secure Online Transactions**

Payment Card Industry (PCI) Data Security Standard certified for processing and transmitting cardholder data.¹

» **Accept Various Payment Methods**

Accept payments from your clients using any major credit card, eCheck or Interac Online.²

» **Integrated Gateway Service**

Provide encrypted simultaneous transactions, real-time processing and instant approval notification.

» **Min/Max Transaction Amounts**

Process transactions for as large or as small an amount as needed without additional fees.

» **No Fee = Free**

No processing or transaction fees are applied to Activity Enrollments, Facility Rentals, Goods and Services that are offered for no charge.

» **Convenience Fees**

Ability to add an optional Convenience Fee for online transactions to recover E-Commerce fee.

» **Virtual Terminal**

Reliant on phone or fax registrations and requests? Process credit card orders on the spot, with an integrated Virtual Terminal.

» **Reporting**

Real-time access to detailed Internet Merchant Account reports 24 hours a day, 7 days a week.

¹ No credit card information is stored by Book King during or after transactions are complete

² Not all payment options are available in every country

Would your organization like to accept online payments?

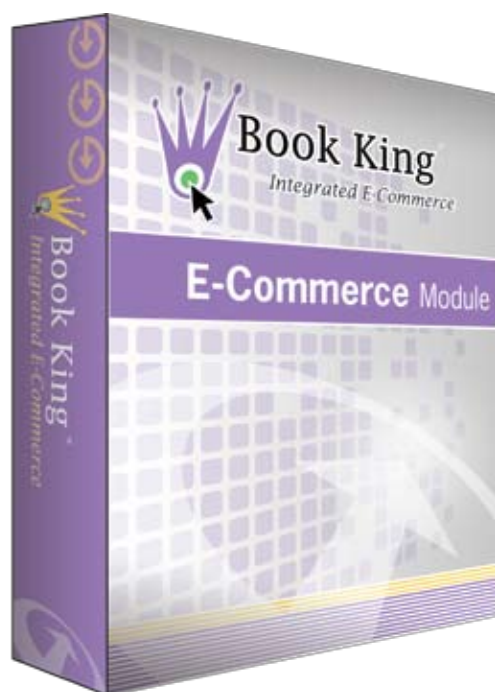

Book King will provide your organization with an affordable, simple to use, web based E-Commerce solution.

Offering your clients self service access to your organization's activity enrollments, facility rentals, goods and services can significantly increase revenues and reduce your administrative effort to deliver these services.

Book King's E-Commerce Module is the perfect solution to administer your online payment requirements and maximize your revenues. The E-Commerce Module allows you to simultaneously process transactions through a secure and encrypted process. No matter how large or small the transaction, this process is completed in real-time.

Book King is a 100% web based solution and supports Microsoft Windows, Mac and Unix operating systems with Internet Explorer, Netscape, Firefox or Safari browsers.

Book King is quick and simple to implement and provides a complete solution for small, medium, and large organizations.

Contact Pacific Tier Solutions at 1-888-599-8282. We look forward to assisting you to find the best solution for your organization.

ASP vs Traditional Model

ASP Model

As an ASP Solution Provider, Pacific Tier Solutions manages the entire system for you. This includes hardware, software, security, and backups, all of which run on our dedicated servers for a low monthly fee. All you and your clients need to access the application is a computer with a web browser and an internet connection.

Traditional Model

Book King Modules are also available as a traditional installation. The Traditional Model allows you to install the Book King Modules on your own server in your environment for a one-time licensing fee.
