

Public Access Module

Are your clients asking for self service access to your activities, facilities and services?

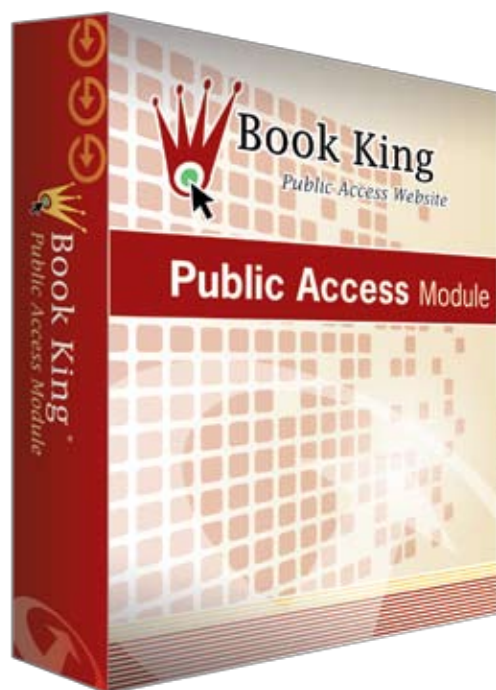

Book King will make it possible for your organization to offer a simple to use, easy to manage, web based public access website.

Allowing your clients access to your activities, facilities and services can significantly increase the awareness of your organization's offerings. Public Access will increase enrollments and facility usage while reducing administration.

Book King's Public Access Website is the perfect solution to provide your organization with a community accessible website that enables easy access to information on your activities, facilities and services.

Book King is a 100% web based solution and supports Microsoft Windows, Mac and Unix operating systems with Internet Explorer, Netscape, Firefox or Safari browsers.

Book King is quick and simple to implement and provides a complete solution for any size organization. The Public Access Website integrates with Book King's Scheduling, Registration and E-Commerce Modules.

Public Access Module Overview

» Publicly Accessible Website

Allow the public to browse, search and view additional information on any activity, facility, or service offered by your organization.

» Customizable Page Layouts

Manage individual page content, add custom text sections, and add multi-lingual content.

» Option Panels

Add to page layouts to provide search features, additional information, and options.

» Simple Content Management

The Public Access Administration Interface allows users to easily update information and change settings without any HTML experience.

» Multiple Client Search Functions

Use the Activity and Facility Search Panels to easily locate any activity or facility. Use the Activity and Facility Tabs to browse a catalog view to find activities or facilities.

» Activity/Course/Event Enrollment

Browse the Activity Catalog or search by name, code, location, instructor name, age, grade, type, session dates, season or combination of options to locate Activities.

» Facility Rentals/Service Bookings

Browse the Facility Catalog or search by name, location, complex, category, facility, dates, function or combination of options to locate Facilities and Services.

» Membership Management

Enable your clients to select available membership types to receive member rates and manage their account information.¹

» Calendar Views

View Activity, Facility and Personal Calendars for individual days, weeks or entire months. Use the List or Grid views and drop down filters to organize the information displayed.

» Integrated E-Commerce

Accept payments from your clients using any major credit card, eCheck or Interac Online.²

¹ E-Commerce Module integration is required for this option

² Not all payment options are available in every country

Contact Pacific Tier Solutions at 1-888-599-8282. We look forward to assisting you to find the best solution for your organization.

Public Access & E-Commerce

Public Access Module without E-Commerce Module

This will provide you with a publicly accessible website for your clients to browse, search and view information on activities, facilities and services. If your organization does not charge fees for activity enrollment, facility rentals and service bookings the E-Commerce is not required. This allows your clients to enroll into activities, rent facilities and book services without any additional fees or transaction costs.

Public Access Module with E-Commerce Module

Includes all the features listed above plus activity enrollment, facility rentals and service bookings with an online payment option that allows clients to use all major credit cards, eChecks and Interac Online.

Other Book King Modules
